**This degree program requires at least 120 total units, including 42 upper division units (300-400 level)**

<sup>1</sup>Honors College Freshmen are required to take a 1 unit honors colloquium in their first semester. BA students completing the 122A/B sequence may meet their total unit requirements without need for any electives.

<sup>2</sup> The Constitution Requirement for AZ state certification is fulfilled by completing one of the following: (1) POL 210 at UA; (2) POS 210 at Pima Community College; (3) Equivalent course from another AZ community college; (4) Attaining a passing score on the AEPA AZ and US Constitution exams. The Tier II INDV requirement is waived for students selecting the BA degree. POL 210 has had limited availability at UA in recent semesters, so please plan ahead.

<sup>3</sup>These courses are recommended for most math majors. Other courses that can be used are: CSC 227, ECE 175, MIS 301, MSE 350, and PHYS 305. These latter courses may have additional eligibility criteria.

NOTES: Fourth semester proficiency in a second language is required for the BA degree.

One Tier I or Tier II course may also fulfill the Diversity requirement.

See advisor if you have questions regarding the Mid-Career Writing Assessment requirement.
