- ____ MINOR Requirement
  - Most minors require 18 units, of which 9 are upper division.
  - Minor Courses:
    - Course Number/Name
        - ________
        - ________
        - ________
        - ________
        - ________

1 The Bachelor of Arts degree requires fourth-semester proficiency in a second language. Science requirement: 2 Tier One and 1 Tier Two NATS (Natural Science) courses fulfill the science requirement. Upper division (300-400 level) unit requirement is 42. See Academic Program Requirements Report (APRR) for details.
2 This 400-level course is to be selected in consultation with your faculty advisor.
3 The Economics/Business option requires an Economics or General Business minor, or a Thematic minor with an Economics, Finance, or General Business emphasis (approved by your major advisor).
4 The Teaching and Learning Mathematics courses within the Mathematics Education option replaces the minor requirement for this option. No additional minor is required.
5 The Computer Science option requires a Computer Science minor.
6 The Life Sciences option requires a minor in a Life Sciences study area (consult with your major advisor).
*General/Applied, Comprehensive, and Probability & Statistics options have a minor requirement. The minor should be selected in consultation with faculty advisor. Double majors are not required to have a minor. If pursuing a double degree, consult with your major advisor regarding UA requirements.
