

Conferences and Talks

Benjamin Dyhr

Graduate Summer Schools:

July 10- 23, 2005. First Cornell Summer School in Probability.

July 1-21, 2007. Park City Mathematics Institute 2007 Summer program in Statistical Mechanics.

Conferences:

January 6-9, 2008. AMS/MAA Joint Mathematics Meetings.

Invited Talks:

September 26, 2006 (4pm). Northern Arizona University, Department Colloquium. "Schramm Loewner Evolution."

September 26, 2006 (12:40pm). Northern Arizona University, Applied Seminar. "Markov Chains and Random Walks."

Colloquia and Seminars Presented:

April 16, 2008. University of Arizona, Graduate Colloquium. "(Near) Critical Random Fractal Structure On Infinitesimal Grids."

November 7, 2007. University of Arizona, Mathematical Physics Seminar. "SLE with Drift."

October 15, 2007. University of Arizona, Graduate Colloquium. "Crossing Probabilities and Arm Exponents for Critical Percolation."

November 8, 2006 (1pm). University of Arizona, Mathematical Physics Seminar. "SLE Phases."

November 8, 2006 (12pm). University of Arizona, Graduate Colloquium. "The Bessel Stochastic Differential Equation."

April 26, 2006. University of Arizona, Mathematical Physics Seminar. "Discrete Loewner Chains."

October 19, 2005. University of Arizona, Graduate Colloquium. "Discrete Loewner Evolution."

Membership in Professional Societies:

Mathematical Association of America
