MATH 124 – Calculus I With Applications  
Section 17 MTWR 4:00 – 5:05pm in PAS 404  
Spring 2010

Instructor: Erica McEvoy  
Office: MTL 120M  
Phone: (520) 621-2138  
Email: emcevoy@math.arizona.edu  
Section 17 Website: http://math.arizona.edu/~emcevoy/math124.html  
Course Webpage: http://math.arizona.edu/~calc

Attendance: Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. Students with more than three unexcused absences may be administratively dropped from the course. It is the student’s responsibility to keep informed of any announcements, syllabus adjustments or policy changes made during scheduled classes. Students are expected to behave in accordance with the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student's submitted work must be the student's own. University policies can be found at http://deanofstudents.arizona.edu/uapolicies.

Homework/Quizzes: (100 points) Homework will be submitted in two formats throughout the semester. A computer grading program called WebAssign will be used for problems assigned from the text (see other side for more information). Hand-written homework showing all work with proper notation will also be submitted. Written homework will be posted on the section website and will be due at the beginning of class on the assigned due date. These problems will come from the text and/or from a set of problems created by your instructor. All late homework will not be accepted for credit. In-class quizzes will also be given. No calculators are allowed on quizzes. There are no make-up quizzes. Some quizzes and homework’s may be dropped at the end of the semester. A final homework/quiz score based on 100 possible points will be assigned (75 points from the WebAssign homework and 25 points for the combined hand-written assignments and quizzes).

In-Class Exams: (450 points) The four in-class exams are scheduled for Monday, February 8; Wednesday, March 3; Monday, April 5; and Wednesday, April 28. Each exam will be worth 100 points. A 50 point department preliminary exam covering algebraic skills that are essential for success in Math 124 will be given on Wednesday, January 20. More information can be found at http://math.arizona.edu/~calc along with an on-line review of algebra skills at http://prep.math.lsa.umich.edu/pmc. No calculators will be allowed on the preliminary exam. All electronic devices, particularly cell phones, must be turned off during all exams.

Exam policy: Exams can be missed and rescheduled only with a verifiable legitimate excuse (this excuse must come with some sort of written documentation – a doctors excuse, letter from a judge, etc.) You will need to notify me within 24 hours from the date on which the exam is given and have written documentation in order to schedule a makeup exam. Unless there are
documented extenuating circumstances, a missed exam will result in a score of zero. You must attend the final at the scheduled time and date, the final exam cannot be rescheduled.

**Final Exam:** (200 points) The final exam is a common department exam worth 200 points. It is scheduled for Monday, May 10 from 2:00 – 4:00 pm. Additional information and a study guide can be found at http://math.arizona.edu/~calc. The University’s Exam regulations will be strictly followed (see http://www.registrar.arizona.edu/schedule101/exams/examrules.htm).

**Calculators:** A graphing calculator is an important tool that will be used in this course. Students are expected to have a working calculator for each exam. No calculator swapping is permitted during exams. Calculators will not be allowed on quizzes. Calculator programs can be found at http://math.arizona.edu/~krawczyk/calcul.html.

**Grades:** The total number of points available on tests and homework is 750. Grades will be no lower than those set forth in the following table

<table>
<thead>
<tr>
<th>675 ≤ points ≤ 750</th>
<th>90% to 100%</th>
<th>A</th>
</tr>
</thead>
<tbody>
<tr>
<td>600 ≤ points ≤ 674</td>
<td>80% to 90%</td>
<td>B</td>
</tr>
<tr>
<td>525 ≤ points ≤ 599</td>
<td>70% to 80%</td>
<td>C</td>
</tr>
<tr>
<td>450 ≤ points ≤ 524</td>
<td>60% to 70%</td>
<td>D</td>
</tr>
<tr>
<td>0 ≤ points ≤ 449</td>
<td>0% to 60%</td>
<td>E</td>
</tr>
</tbody>
</table>

The Department of Mathematics Undergraduate Committee recently adopted a new policy that a grade of C or better in Math 124 or 125 is a necessary prerequisite for Math 129 (Calculus II). This policy will take effect for classes that start in the Fall 2010 semester. Students who receive a D in Math 124 or 125 will receive credit for the course towards graduation requirements, and will be able to use their course for the general education math requirement, but will not be automatically qualified to register for Math 129.

**Students with disabilities:**
If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; drc.arizona.edu). You should notify your instructor of your eligibility for reasonable accommodations by Friday, January 22. You and your instructor can then plan how best to coordinate your accommodations.

**Students withdrawing from the course:**
If you withdraw from the course by February 9, the course will be deleted from your enrollment record. If you withdraw from the course by March 9, you will receive a grade of W. The University allows withdraws after March 9, but only with the Dean’s signature. Late withdraws
will be dealt with on a case by case basis, and requests for late withdraw with a W without a valid reason may or may not be honored.

Incompletes:
The grade of I will be awarded if all of the following conditions are met:
1. The student has completed all but a small portion of the required work.
2. The student has scored at least 50% on the work completed.
3. The student has a valid reason for not completing the course on time.
4. The student agrees to make up the material in a short period of time.
5. The student asks for the incomplete before grades are due, 48 hours after the final exam.

Computing Resources: Information about using computers on campus, setting up a UA email account, and computer support can be found at http://www.oscr.arizona.edu. A list and map of open access computing facilities on campus can be found at http://www.oscr.arizona.edu/maps.

Instructions for WebAssign: To create an account for this class go to http://webassign.net, click on the Log-In button, then click on the I Have a Class Key button. Our class key is _arizona 8415_ 0359_. You must do this even if you have used WebAssign in the past or are using it for another course this semester. There is a 14-day grace period (from the first day of classes) before you must purchase/submit your access code for this class. Each time you log-in, you will see a reminder.
