**MATH 125 - Calculus I**
Section 8, TR 12:30-1:45
Fall 2012

**Instructor:** Ivan Ventura  
**Office Hours:** Tuesday 2-3 p  
Wednesday 1:30-2:30 p  
Thursday 11-12 a  
By appointment! (email me!)  
**Office:** Mathematics 315  
**Phone:** (520) 621-2389  
**Email:** iventura@math.arizona.edu  
**Webpage:** http://math.arizona.edu/~iventura  
**Course Webpage:** http://math.arizona.edu/~calc

**Text:** Calculus, Fifth Edition by Hughes-Hallett et al. published by Wiley.

**Attendance:** Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. It is the students responsibility to keep informed of any announcements, syllabus adjustments or policy changes made during scheduled classes, by email, or on WebAssign. Students are expected to behave in accordance with the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student’s submitted work must be the student’s own. University policies can be found at http://deanofstudents.arizona.edu/policiesandcodes.

**Homework/Quizzes:** (100 points) Homework will be submitted in two formats throughout the semester. A computer grading program called WebAssign will be used for problems assigned from the text (see below for more information). Hand-written homework showing all work with proper notation will also be submitted every Thursday. These problems will come from the text and/or from a set of problems created by your instructor. In-class quizzes will also be given every Thursday (on the material submitted). No calculators are allowed on quizzes. There are no make-up quizzes, but the lowest quiz will be dropped. A final homework/quiz score based on 100 possible points will be assigned.

**In-Class Exams:** (300 points) The three in-class exams are tentatively scheduled for Tuesday, September 11; Thursday, October 18; Thursday, November 29. The first exam will be worth 80 points while the latter two 110 points each. All electronic devices must be turned off during all exams (with the exception of calculators, see below).

**Missed-Exams:** There will be no make-up exams in this course. In the case a student misses an exam the score on the next exam will count for more. If a student misses a second exam that exam will be scored as a 0.

However, in complex and unusual circumstances, a make-up exam may be given on a case-by-case basis. This will require providing a detailed account of the situation and supporting documents. Approval in these cases is at the sole discretion of the instructor and/or the dean of students.

**Final Exam:** (200 points) The final exam is a comprehensive common department exam. It is scheduled for Monday, December 10 from 1:00-3:00 pm. Additional information and a study guide can be found at http://math.arizona.edu/~calc. The Universitys Exam regulations will be strictly followed (see http://www.registrar.arizona.edu/schedule124/exams/examrules.htm).

**Calculators:** A graphing calculator is an important tool that will be used throughout this course. Students
are expected to have a working calculator for each exam. This calculator cannot be on any device that has any internet connection. No calculator swapping is permitted during exams.

**Grades:** The total number of points available on tests and homework is 600. Grades will be no lower than those set forth in the following table.

<table>
<thead>
<tr>
<th>Points</th>
<th>Percentage</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>540 to 600</td>
<td>90% to 100%</td>
<td>A</td>
</tr>
<tr>
<td>480 to 539</td>
<td>80% to 90%</td>
<td>B</td>
</tr>
<tr>
<td>420 to 479</td>
<td>70% to 80%</td>
<td>C</td>
</tr>
<tr>
<td>360 to 419</td>
<td>60% to 70%</td>
<td>D</td>
</tr>
<tr>
<td>0 to 359</td>
<td>0% to 60%</td>
<td>E</td>
</tr>
</tbody>
</table>

**Note:** A grade of C or better in Math 124 or 125 is a necessary prerequisite for Math 129 (Calculus II). Students who receive a D in Math 124 or 125 will receive credit for the course towards graduation requirements, and will be able to use their course for the general education math requirement, but will not be automatically qualified to register for Math 129.

**Students with Disabilities:** If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; drc.arizona.edu). You should notify your instructor of your eligibility for reasonable accommodations by Monday, August 27. At that point, you and your instructor can plan how best to coordinate your accommodations.

**Students Withdrawing from the Course:** You may withdraw from the course with a deletion from your enrollment record through September 16 using UAccess. You may withdraw with a grade of "W" or change to Audit through October 12 using a change of schedule form with your instructors signature. The University allows withdraws after October 12, but only with the Deans signature. Late withdraws are dealt with on a case by case basis, and requests for late withdraw without a valid reason may or may not be honored.

**Incompletes:** The grade of I will be awarded if all of the following conditions are met:

1. The student has completed all but a small portion of the required work.
2. The student has scored at least 50
3. The student has a valid reason for not completing the course on time.
4. The student agrees to make up the material in a short period of time.
5. The student asks for the incomplete before grades are due, 48 hours after the final exam.

**Computing Resources:** Information about using computers on campus, setting up a UA email account, and computer support can be found at http://www.oscr.arizona.edu. A list and map of open access computing facilities on campus can be found at http://www.oscr.arizona.edu/maps.

**Instructions for WebAssign:** To create an account for this class go to http://webassign.net, click on the Log-In button, then click on the I Have a Class Key button. Our class key is arizona 6259 0974. You must do this even if you have used WebAssign in the past or are using it for another course this semester. There is a 14-day grace period (from the first day of classes) before you must purchase/submit your access code for this class. Each time you log-in, you will see a reminder. A two semester access code will be included if you purchase your textbook through the UA Bookstore.
