Textbook: Advanced Calculus P.M. Fitzpatrick, Thomson,

In-Class Exams: Friday, September 15
               Wednesday, October 11
               Monday, November 6
Final Exam: Friday, December 8, 11:00 – 1:00 pm

The first of the four in-class exams will be worth 100 points. The next
two will be worth 150 points each. Make-up exams are not given. The two-hour Final
Exam will be worth 200 points.

Homework
Homework is a crucial part of the learning process in Math in general,
and especially in this course.
The homework assignments are due on Mondays. They will be graded
and returned at the instructor’s discretion. They will constitute 30 percent of the grade
(300 points)

There will be random quizzes based on the homework assignments.
They will be worth 100 points.

Grading
Your course grade will be based on the sum of your scores on the
three in-class exams (total of 4000 points), the Final Exam (maximum of 200 points),
your 10 best homework scores (maximum of 30 points each), and your 10 best quizz scores
(maximum of 10 points each). The maximum total score possible for the course is 1000
points.
