

**MATH 129 – Calculus II**  
**Section 27 TR**  
**Spring 2009**

**Instructor:** Ken McLaughlin  
**Office:** Math 705  
**Phone:** 621-4763  
**Email:** [mcl@math.arizona.edu](mailto:mcl@math.arizona.edu)  
**Webpage:** <http://math.arizona.edu/~mcl/>  
**Course Webpage:** <http://math.arizona.edu/~calc>

**Office Hours:** TBA

**Text:** Calculus, Fourth Edition by Hughes-Hallett et al. published by Wiley.

**Attendance:** Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. It is the student's responsibility to keep informed of any announcements, syllabus adjustments or policy changes made during scheduled classes. Students are expected to behave in accordance with the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student's submitted work must be the student's own. University policies can be found at <http://dos.web.arizona.edu/uapolicies>.

**Homework/Quizzes:** Homework from the text will be submitted through a computer grading program called WebAssign (see other side for more information). Short in-class quizzes will be given often. In most cases, no calculators will be allowed. There are no make-up quizzes. Some quizzes will be dropped. A final homework score based on 100 possible points will be assigned from the computer graded and hand-written assignments. A final quiz score based on 25 possible points will be assigned from the quizzes.

**In-Class Exams:** The three in-class exams are scheduled for **Thursday, February 5; Thursday, March 12; and Thursday, April 30**. Each exam will be worth 100 points. All electronic devices, particularly cell phones, must be turned off during all exams. There will be no make-up exams.

**Final Exam:** The final exam is a common department exam worth 200 points. It is scheduled for **Monday, May 11 from 8:00 – 10:00 am**. Additional information and a study guide can be found at <http://math.arizona.edu/~calc>. The University's Exam regulations will be strictly followed (see <http://www.registrar.arizona.edu/schedule091/exams/examrules.htm>).

**Calculators:** A graphics calculator is an important tool that will be used in this course. Students are expected to have a working calculator for each exam. No calculator swapping is permitted during exams. Several calculator programs will be helpful. AllSums, Slopefield, and Euler Numerical are available at <http://math.arizona.edu/~krawczyk/calcul.html>.

**Grades:** Your final course grade will be determined by a percentage of the 625 total possible points in the course. A: 100-90% B: 89-80% C: 79-70% D: 69-60% E: 59-00%.

**Students with disabilities:**

If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; [drc.arizona.edu](http://drc.arizona.edu)). You should notify your instructor of your eligibility for reasonable accommodations by Friday, January 23. You and your instructor can then plan how best to coordinate your accommodations.

**Students withdrawing from the course:**

If you withdraw from the course by February 10, the course will be deleted from your enrollment record. If you withdraw from the course by March 10, you will receive a grade of W. The University allows withdraws after March 10, but only with the Dean's signature. Late withdraws will be dealt with on a case by case basis, and requests for late withdraw with a W without a valid reason may or may not be honored.

**Incompletes:**

The grade of I will be awarded if all of the following conditions are met:

1. The student has completed all but a small portion of the required work.
2. The student has scored at least 50% on the work completed.
3. The student has a valid reason for not completing the course on time.
4. The student agrees to make up the material in a short period of time.
5. The student asks for the incomplete before grades are due, 48 hours after the final exam.

**Computing Resources:** Information about using computers on campus, setting up a UA email account, and computer support can be found at <http://www.oscr.arizona.edu>. A list and map of open access computing facilities on campus can be found at <http://www.oscr.arizona.edu/maps>.

**Instructions for WebAssign:** To create an account for our class go to <http://webassign.net>, click on the Log-In button, then click on the I Have a Class Key button. Our class key is arizona - 7623 - 1978. You must do this even if you have used WebAssign in the past or are using it for another course this semester. There is a 14-day grace period (from the first day of classes) before you must purchase your access code for our class. Each time you log-in, you will see a reminder.
