

# MATH 111 COURSE POLICY – FALL 2011

Required Texts: *Trigonometry* by Lial, Hornsby, Schneider, 9th Edition  
Course Web Site: <http://math.arizona.edu/~trig/>

---

**Attendance:** Daily attendance is expected from every student. Students who miss the first two class meetings may be administratively dropped unless they have made other arrangements. In addition, students with more than 3 unexcused absences may be administratively dropped from the course. (See Administrative Drop Policy at <http://catalog.arizona.edu/2011-12/policies/aaindex.html>) If you need to miss class for unavoidable circumstances, see your instructor as soon as possible.

**Academic Integrity:** Students are responsible to inform themselves of University policies regarding the Code of Academic Integrity. Students found to be in violation of the Code are subject to penalties ranging from a loss of credit for work involved to a grade of E in the course, and risk possible suspension or probation. The Code of Academic Integrity will be enforced in all areas of the course, including, but not limited to, tests, quizzes and homework. For more information about the Code of Academic Integrity policies and procedures, including information about your rights and responsibilities as a student, see <http://deanofstudents.arizona.edu/codeofacademicintegrity>.

**Classroom Conduct:** Students at The University of Arizona are expected to conform to the standards of conduct established in the Student Code of Conduct. Prohibited conduct includes:

1. All forms of student academic dishonesty, including cheating, fabrication, facilitating academic dishonesty, and plagiarism.
  2. Interfering with University or University-sponsored activities, including but not limited to classroom related activities, studying, teaching, research, intellectual or creative endeavor, administration, service or the provision of communication, computing or emergency services.
  3. Endangering, threatening, or causing physical harm to any member of the University community or to oneself or causing reasonable apprehension of such harm.
  4. Engaging in harassment or unlawful discriminatory activities on the basis of age, ethnicity, gender, handicapping condition, national origin, race, religion, sexual orientation, or veteran status, or violating University rules governing harassment or discrimination.
- Students found to be in violation of the Code are subject to disciplinary action. For more information about the Student Code of Conduct, including a complete list of prohibited conduct, see <http://deanofstudents.arizona.edu/policiesandcodes/studentcodeofconduct>.

**Calculators:** A graphing calculator (TI-83, 84, or 86) will be needed for much of the course. You will be required to do some course work without a calculator. Calculators that perform symbolic manipulations (such as the TI-89 or TI-92) cannot be used.

**Homework:** A homework policy will be distributed to you in class or posted at an online location to be announced by your instructor.

**Tests:** There will be two midterm exams worth 100 points each. The dates of the midterm exams will be announced in class by your instructor. Any questions regarding the grading of an exam need to be cleared up within one week after the exam has been returned. Please note that exams will **not** be curved and there is **no** extra credit. All tests are closed book, closed notes.

**Missed Exams:** Students are expected to be present for all exams. If a verifiable emergency arises which prevents you from taking an in-class exam at the regularly scheduled time, you must notify your instructor as soon as possible, and in any case, prior to the next regularly scheduled class. Make-up exams will be administered only at the discretion of the instructor. If a student is allowed to make up a missed exam, (s)he must take it at a mutually arranged time. No further opportunities will be extended. Failure to contact your instructor as stated above or inability to produce sufficient evidence of a real emergency will result in a grade of zero on the exam.

**Final Exam:** There is a comprehensive common final exam; the final exam will require being able to integrate material from different parts of the course. The Final Exam is on Monday, December 12, 2011, from 1:00 to 3:00 pm. Your instructor will announce the room for the Final Exam.

**Students with Disabilities:** If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; [drc.arizona.edu](http://drc.arizona.edu)), it is important that you be registered as soon as possible with the Disability Resources Center. You and your instructor can then plan how best to coordinate your accommodations.

## Grades:

2 In-Class Exams	200 points
Homework	80 points
Final exam	120 points
<b>Total possible points</b>	<b>400</b>

## You are guaranteed a grade of :

A if you earn at least 360 points (90%)
B if you earn at least 320 points (80%)
C if you earn at least 280 points (70%)
D if you earn at least 240 points (60%)

A grade of Incomplete will be given only according to University Policy as described at:

<http://www.registrar.arizona.edu/gradepolicy/incomplete.htm>

**Withdrawal:** A student may withdraw from the course with a deletion from record through September 18, 2011 using UAccess. A student may withdraw with a grade of "W" through October 14, 2011, using a change of schedule form with your instructor's signature. The Department of Mathematics Undergraduate Committee recently adopted a new policy that a grade of C or better in Math 111 is a necessary prerequisite for Math 124 (Calculus I). Students who receive a D in Math 111 will receive credit for the course towards graduation requirements, and will be able to use the course for their general education math requirement, but will not be automatically qualified to register for Math 124. Students may always exercise the option of taking the math placement test to achieve placement into Math 124.

**Math 111 Trigonometry**  
**Tentative Syllabus for Students TR**  
**FALL 2011**

Text: *Trigonometry* by Lial, Hornsby, Schneider, 9th Edition

*Please note that this syllabus is tentative. Exact exam dates will be announced in class at least 5 days prior to each exam.*

**Week of:**

Aug 22 Intro, 1.1, 1.2

Aug 29 1.3, 1.4

Sept 5 2.1, 2.2, 2.3

Sept 12 2.4, 2.5, 3.1 (Sept. 18: Deadline to drop with deletion)

Sept 19 3.2, 3.3

Sept 26 4.1, Review

Oct 3 Test 1, 4.2

Oct 10 4.3, 5.1, 5.2 (Oct. 14: Deadline to drop with a W)

Oct 17 5.3, 5.4, 5.5

Oct 24 6.1

Oct 31 6.2, 6.3

Nov 8 6.4, Review

Nov 15 Test 2, 7.1

Nov 22 7.2 (Nov. 24: Thanksgiving Day, no classes)

Nov 29 7.3, Review

Dec 6 Review (Dec. 7: Last day of classes)

**FINAL EXAM** is on **Monday, December 12, 2011**, from **1-3 p.m.**  
The room for the Final Exam will be announced by your instructor.
