Math 125: Calculus I

Fall 2013, Class numbers 36315 and 36317

Instructor
Andrew Gillette
agillette@math.arizona.edu
Office: Mathematics 516
Office Phone: 520-621-6888 (no voicemail)
Office Hours: Will be posted on website. Always available by appointment.

Class Website
http://math.arizona.edu/~agillette/teaching/f13.html

Class Times
36315 MWF 10-11am in Chavez 105
36317 MWF 12-1pm in Harvill 319

Due to full enrollment, you may only attend the section in which you are enrolled.

Exam Dates

Required Materials
• “Calculus” 6th ed. by Hughes-Hallet et al; published by Wiley
• WebAssign access (included when you buy a textbook through the bookstore)
• A graphing calculator, preferably a TI-83 or TI-84. Calculators that perform symbolic manipulations, such as the TI-89, NSpire CAS, or HP50g, can not be used.

Course Topics
Most of Chapters 1 - 6 and Section 7.1. Course calendar on class website.

Grading Policy
You can earn up to 600 points in this course from exams and homework. Grades will be determined by the number of points you accrue and will be set no lower than this:

<table>
<thead>
<tr>
<th>points</th>
<th>percent</th>
<th>points</th>
<th>percent</th>
</tr>
</thead>
<tbody>
<tr>
<td>exam 1</td>
<td>75</td>
<td>12.5%</td>
<td>A</td>
</tr>
<tr>
<td>exam 2</td>
<td>75</td>
<td>12.5%</td>
<td>B</td>
</tr>
<tr>
<td>exam 3</td>
<td>75</td>
<td>12.5%</td>
<td>C</td>
</tr>
<tr>
<td>exam 4</td>
<td>75</td>
<td>12.5%</td>
<td>D</td>
</tr>
<tr>
<td>homework</td>
<td>100</td>
<td>16.5%</td>
<td>E</td>
</tr>
<tr>
<td>final</td>
<td>200</td>
<td>33.3%</td>
<td></td>
</tr>
</tbody>
</table>

A 540 - 600 90 - 100%
B 480 - 539 80 - 90%
C 420 - 479 70 - 80%
D 360 - 419 60 - 70%
E 0 - 359 0 - 60%

Written Homework
Written homework is due at the beginning of class on Wednesdays. Assignments, due dates, and policies will be posted on the class website. Your lowest 2 homework scores will be dropped when computing your written homework average.

WebAssign Homework
You will also have homework assignments through a computer grading program called WebAssign. Due dates and additional information will be posted on the class website. You will need to know our class key which is: **arizona ******* *******

Email me if you did not write down the class key information during class.

Final
The final will be held Monday December 16 from 1-3pm in a room to be announced. It will cover all material in the course. Final policies will be posted on the class website before the exam. Acceptable calculators will be allowed on the final.
Attendance
Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. If you miss the first two class meetings or have 3 or more absences in the first month of the course, you may be administratively dropped. Please communicate with me in advance if you know you will have to miss any class, especially an exam.

Missed exams
In general, if you miss an exam, you will receive a grade of 0 for that exam. However, in complex and unusual circumstances that are beyond your control, a make-up exam may be given on a case-by-case basis. This will require providing a detailed account of the situation and supporting documents. Approval in these cases is at the sole discretion of the instructor and/or the Dean of Students.

Cel Phones, Laptops, etc
Usually I will not allow the use of electronic devices of any kind during class. If you have a truly essential text, tweet, or post, please step outside of the classroom. However, we may occasionally have ‘internet days’ when I will invite you to bring and use your web-enabled devices during class. I will announce these days in advance.

Academic Integrity
Working together on homework questions or on problems during class is highly encouraged. Copying someone else’s work on homework or tests, however, is considered cheating and violates the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student’s submitted work must be the student’s own. Students caught cheating will face an administrative sanction which may include suspension or expulsion from the university.

If you feel that you are not on track to receive the grade you deserve, please contact me in person or by email before it becomes a larger issue.

Tutorial Services
Think Tank provides free tutoring services for our course as well as various review courses. Visit http://thinktank.arizona.edu/tutoring/math for more information.

Accommodation
If you anticipate barriers related to the format or requirements of this course, please meet with me so that we can discuss ways to ensure your full participation in the course. If additional accommodations are necessary, you will need to register with Disability Resources at 520-621-3268 or drc.arizona.edu as soon as possible. Please inform me of your eligibility for reasonable accommodations by Wednesday, September 4.

Syllabus Changes
Any changes to this syllabus will be announced in class and posted on the class website.
