MATH 129 – Calculus II

TENTATIVE COURSE POLICY

Section 7 MWF 9:00 AM – 10:45 AM
Summer_1 2016

Instructor: Ted Laetsch
Office: Math Room 205
Phone: 520-621-6860
Email: laetsch@math.arizona.edu
Math 129-1 Summer 2016 Class Webpage: http://math.arizona.edu/~laetsch/129162/
Math 129 General SPRING 2016 Course Webpage: http://math.arizona.edu/~calc

Attendance: Students are expected to attend every scheduled class and to be familiar with the University Class Attendance policy as it appears in the General Catalog. (See University Administrative Drop Policy.) Students who miss an exam and do not attempt to arrange a make-up exam may be administratively dropped. It is the student's responsibility to keep informed of any announcements, or policy changes made during scheduled classes or by email or the class website. Students are expected to behave in accordance with the Student Code of Conduct and the Code of Academic Integrity. The guiding principle of academic integrity is that a student's submitted work must be the student's own. University policies can be found at http://deanofstudents.arizona.edu/policiesandcodes.

Homework/Quizzes: (100 points) Homework will be submitted in two formats throughout the semester. An computer grading program called WebAssign will be used for practice problems assigned from the text (see below for more information on signing up for WebAssign). Hand-written homework showing all work with proper notation will (also) be required. These problems will come from the text and/or from a set of problems created by your instructor. In-class quizzes will also be given. Calculators might not be allowed on some quizzes. There are no make-up quizzes, but some quiz scores may be dropped. A final homework/ quiz score based on 100 possible points will be assigned. See more details online at http://math.arizona.edu/~laetsch/129162/HomeworkPolicy129162.html.

In-Class Exams: (300 points) Dates for the THREE (corrected May 21) in-class exams will be announced at least two class periods in advance. They are tentatively scheduled for Friday, May 27; Wednesday, June 15; and Friday, July 1. All electronic devices must be turned off during all exams. See Missed Exam Policy at http://math.arizona.edu/~laetsch/129162/HomeWorkPolicy129162.html - MakeupPolicy

Final Exam: (200 points) The Final Exam is a comprehensive common exam, given in accordance with the usual University policy on Final Exams for summer session classes (not a common final, and in your regular classroom). A study guide can be found at http://math.arizona.edu/~calc. The University’s Exam regulations will be strictly followed.

Calculators:
A graphing calculator is an important tool that will be used throughout this course. We recommend any model in the TI-83 or TI-84 series. Models that can perform symbolic calculations (also known as CAS) are NOT allowed on exams and quizzes. CAS models include (but are not limited to) the TI-89, TI NSpire CAS, HP 50g, and Casio Classpad 330. Students are not allowed to share calculators during exams and quizzes.
**Grades:** The total number of points available on tests and homework is 600. Grades will be no lower than those set forth in the following table

<table>
<thead>
<tr>
<th>Points Range</th>
<th>Percentage</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>540 ≤ points ≤ 600</td>
<td>90% to 100%</td>
<td>A</td>
</tr>
<tr>
<td>480 ≤ points &lt; 540</td>
<td>80% to 90%</td>
<td>B</td>
</tr>
<tr>
<td>420 ≤ points &lt; 480</td>
<td>70% to 80%</td>
<td>C</td>
</tr>
<tr>
<td>360 ≤ points &lt; 420</td>
<td>60% to 70%</td>
<td>D</td>
</tr>
<tr>
<td>0 ≤ points &lt; 360</td>
<td>0% to 60%</td>
<td>E</td>
</tr>
</tbody>
</table>

Note: A grade of C or better in Math 129 is a necessary prerequisite for Math 215 (Linear Algebra), Math 223 (Vector Calculus) and Math 254 (Differential Equations). Students who receive a D in Math 129 will receive credit for the course towards graduation requirements, and will be able to use their course for the general education math requirement, but will not be automatically qualified to register for the higher level math courses mentioned.

**Instructions for WebAssign:** To create an account for this class go to [http://webassign.net](http://webassign.net), click on the “Enter Class Key” button. Our class key is arizona 4237 1421. You must do this even if you have used WebAssign in the past or are using it for another course this semester. There is a 14-day grace period (from the first day of classes) before you must purchase/submit your access code for this class. Each time you log-in, you will see a reminder.

**Students with disabilities:**
If you anticipate issues related to the format or requirements of this course, please meet with your instructor to discuss ways to ensure your full participation in the course. If you determine that formal, disability-related accommodations are necessary, it is very important that you be registered with Disability Resources (621-3268; [drc.arizona.edu](http://drc.arizona.edu)). You should notify your instructor of your eligibility for reasonable accommodations by Friday, January 22. At that point, you and your instructor can plan how best to coordinate your accommodations.

**Students withdrawing from the course:**
See [University Dates and Deadlines](http://universitydatesanddeadlines.arizona.edu) for withdrawal dates.

**Incompletes:**
The grade of I will be awarded if all of the following conditions are met:

1. The student has completed all but a small portion of the required work.
2. The student has scored at least 50% on the work completed.
3. The student has a valid reason for not completing the course on time.
4. The student agrees to make up the material in a short period of time.
5. The student asks for the incomplete before grades are due, 48 hours after the final exam.
