¹The Bachelor of Arts degree requires fourth-semester proficiency in a second language. Science requirement: 2 Tier One and 1 Tier Two NATS (Natural Science) courses fulfill the science requirement. Upper division (300-400 level) unit requirement is 42. See Advisement Report (ADVIP) for details.

²This 400-level course is to be selected in consultation with your faculty advisor; the advisor should either email approval to Laurie Varecka to be marked in the advisement report or list it on the degree check form. At least 15 units of 400-level MATH course work is required for the major.

³The Economics/Business option requires an Economics or Business Administration minor, or a Thematic minor with an Economics, Finance, or Business Administration emphasis (approved by your major advisor).

⁴The Teaching and Learning Mathematics courses within the Mathematics Education option replace the minor requirement for this option. No additional minor is required.

⁵The Computer Science option requires a Computer Science minor.

⁶The Life Sciences option requires a minor in a Life Sciences study area (consult with your major advisor).

*General/Applied, Comprehensive, and Probability & Statistics options have a minor requirement. The minor should be selected in consultation with faculty advisor. Double majors are not required to have a minor. If pursuing a double degree, consult with your major advisor regarding UA requirements.
