

THE UNIVERSITY OF ARIZONA
DEPARTMENT OF MATHEMATICS
Scholarship Application

The Math Department has a small amount of scholarship funds available to award to undergraduate math majors. Criteria for the selection of the recipients of these awards include: academic performance, particularly in mathematics courses at the U of A; financial need; and faculty recommendations. Some of the scholarships will require demonstrated financial need and others are based solely on academic merit.

Name _____ ID Number _____

Class _____ email address _____

Summer Contact Address _____

Summer Phone Number _____

Have you applied for financial aid at the U of A for 2004-2005? _____

List other scholarships you have been awarded for 2004-2005, or expect to receive, with the dollar amounts awarded.

Write the names of at least two Math faculty here at UA who could serve as references for you.

Please write a short statement (no more than one page) about why you want to be considered for an academic scholarship award. Include in your statement a description of any research you have been involved in and other relevant activities.

Return to the Math Center, Math East 146, by April 9th.
